Counting the score shot starting on Parcours 8 back to 1 ranks shooters finishing below third place with the same score.

Where the top three in the scratch ranking are in the same category, the ranking shoot off in the category will determine the scratch ranking. If they are in different categories (i.e. Junior vs. Veteran), a shoot off will be held under the same conditions as for the category ranking.

No shoot off is held between national teams. The total results of each team on the layout number eight, then layout number seven, etc. is used to rank teams with equal score.

The following rankings will be established and announced in this order at the prize awards:
