

Champions Coaching Circle

Champion Level Coaches represent an elite and highly respected group of professional shooter-coaches who have demonstrated exceptional achievement, integrity, and long-term commitment to advancing the sport of sporting clays. Membership in this distinguished group is by invitation only and is reserved for individuals whose careers reflect excellence both in competition and instruction.

Candidates are identified, vetted, and inducted by a blended selection committee consisting of three inducted Champion Level members and two NSCA Executive Committee members. Invitation is based on a comprehensive review of competitive success, coaching experience, sportsmanship, and overall contributions to sporting clays.
