51' of PVC needed for each stand (+-)

\$ 19.38 pipe cost per stand @ \$0.38 per foot

\$ 45.16 Price per stand +-

\$ 25.78 Fittings per stand

High Pressure Fittings Only

| Pc. needed for | | # of pc. needed to make | | | | | | |
|----------------|----------|-------------------------|----|-----|-----|-----|-----|----------|
| Each Side | | 1 | 10 | 20 | 30 | 40 | 50 | |
| \$ 1.06 | 4 Tee's | 8 | 80 | 160 | 240 | 320 | 400 | \$ 8.48 |
| \$ 1.00 | 2 45's | 4 | 40 | 80 | 120 | 160 | 200 | \$ 4.00 |
| \$ 0.85 | 4 90's | 8 | 80 | 160 | 240 | 320 | 400 | \$ 6.80 |
| \$ 3.25 | 1 3-Ways | 2 | 20 | 40 | 60 | 80 | 100 | \$ 6.50 |
| | | | | | | | | \$ 25.78 |

Use high pressure fittings only! Drain fittings are too weak.

Schedule 40 PVC 2" pipe only

Use clear cleaner & cement

Do not use cleaner to wipe off letters. It will turn brown in the sunlight.

Face all numbers, letters, etc. on pipe forward, away from shooter's eye.

Assemble one side at a time, laying it flat on a hard surface.

A pattern drawn on a 4'x8' sheet of plywood works well.

This will keep each side straight & flat as you assemble.

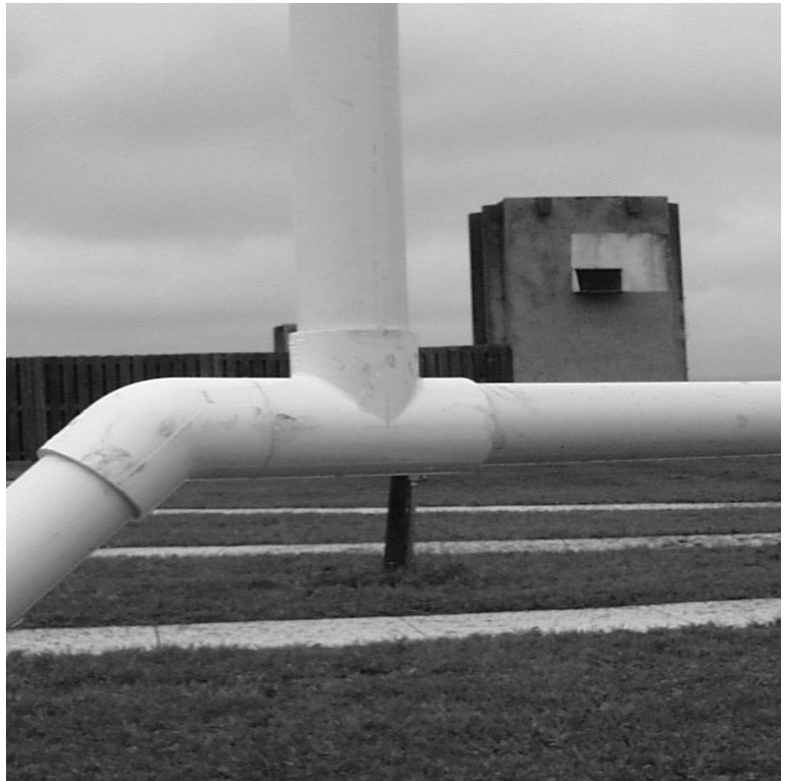

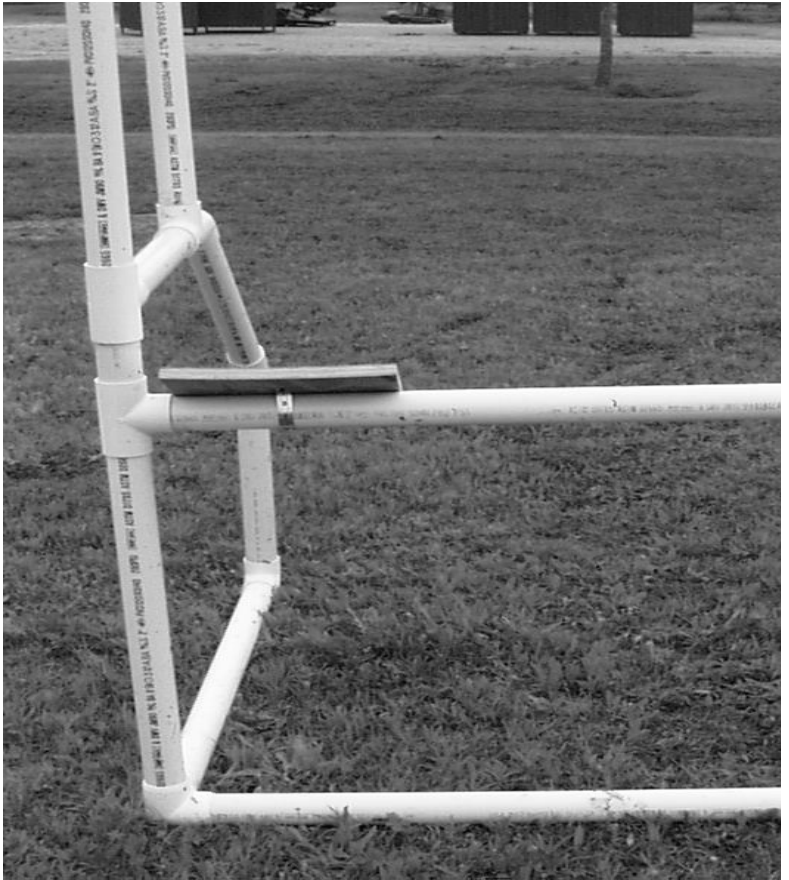

Assemble right side with T's & 3-way's pointing up and install 3 (43") cross bars.

Set aside to dry while you work on left side. Lay on its side with cross bars up.

Assemble left side with T's & 3-way's pointing down. Use blocks (2"x4") to keep straight.

This side will now set down on the first side.

Cut and assemble one stand to use as a model

Hard-to-find parts can be ordered from:
