LADIES & GENTLEMEN,

I would like to personally welcome all competitors, sponsors, vendors, family, and friends to the 2022 National Sporting Clays Championship! We are all very excited to be back to offering all of the fun and entertainment you know and love about "Nationals"!

We will be offering complimentary beer, wine and hors d'oeuvres several evenings as well as our Championship Parties on Friday and Saturday night. (Your schedule of event will have the exact dates and times.) Friday evening the Top Gun Shoot-Off is returning to the Stadium brought to you by Shooting Glass Specialist, Bearpelt Vests, and the NSCA, and then on Saturday evening the North vs. South Shoot-Out will be held. Many great random draw prizes will be given away each night, including guns, but you must be present to win the giveaways. These are events you don't want to miss!

Something new we are doing this year is a "Pink Out" day for Breast Cancer Awareness month. On Friday the 28th we are encouraging everyone to participate by wearing something, or everything, pink! Commemorative shirts are available in the general store and all proceeds from the sale of them will go to the Breast Cancer Research Foundation.

You will again have the opportunity to earn your Elite Golden Tickets on the Main Event and Beretta Challenge Tickets on the Super Sporting, and we would never forget the crowd favorite MEC Golden Target scavenger hunt.

Please take a moment during the event to join me in congratulating all the 2022 NSCA Hall of Fame inductees and award recipients. This year's Hall of Fame inductee for shooting achievement is Cory Kruse, Ron Shafer, Zach Kienbaum, and Dr. Sammy McFaddin will be awarded the Hill Adams Youth Service Award. The banquet will be held on Thursday evening and additional information on tickets and location is available in the program.

Friday morning, we will be offering a "ladies tour" that will be traveling to historic Gruene. There are a limited number of seats available, and the tour will include wine tasting at the Winery on the Gruene, shopping as well as lunch and a few other adventures. Full details are available in the program.

Opening Ceremonies will be held at 6:30 p.m. Friday in the stadium field. Immediately following that we will not only be drawing for the USA Sporting Clays Team Raffle K-80 Shotgun, but we will kick off the annual Top Gun Shoot-Out as well.

Last but surely not least, Kolar Arms will again continue the tradition of awarding a Championship Ring to not only the National Champion but the Sub-Gauge National Champion as well. We want to give a special thanks to Kolar for their generous donation to not only the National Championship but their continued support of shotgun sports around the country.

As you enjoy your time here, please remember that our sponsors are a critical part of the National Championship and the NSCA. Our continued success is due in large part to their participation as well as all of yours. Please be sure to stop by and visit all our vendors during your stay in San Antonio; you might just find something you didn't know you needed until you see it.

Thank You and Good Luck to everyone!

Unless annotated on the page listing the individual events, all events will award in:

Class: Master - AA - A - B - C - D - E

Concurrent: Lady - Sub-Junior - Junior - Veteran - Super Veteran - Senior Super Veteran - Legacy

PRACTICE FIELDS - The sporting clays practice course will be open Thursday, 10/20 – Sunday, 10/30 7 AM - 6 PM.

AMMUNITION - Available at various prices for different loads will be all major brands of factory ammunition. Limits on ammo purchases will be in place. We will have enough ammo for events and some practice. Sign with more details, prices and loads will be posted at the ammunition building. No reloads allowed in any 12 gauge event or game of this tournament. Reloads will be allowed for all small gauge events only. Maximum loads for any event (including games):

Gauge	Ounce Lead	Gauge	Ounce Lead
12	1 1/8	28	3/4
20	7/8	.410	1/2

INCLEMENT WEATHER/LIGHTNING PLAN OF ACTION - At the first sign of an approaching storm, local Doppler radar will be monitored for the direction and severity of the storm. At the same time, shoot management will be strategically positioned to monitor the approaching storm for lightning and any other potential dangerous elements.

At first sight of lightning (by and/or relayed to any shoot staff), a cease-fire will be called immediately via PA system and by shoot management to each field where PA is not available. All fields will be cleared of both participants and staff, with all taking cover in available areas, i.e.: Club House, Vendor Buildings, vehicles, etc.

Shoot management will continue to monitor lightning strikes, starting a new time clock with each observed strike. At the duration of 20 minutes with no strikes, shoot management will begin the process of returning participants to the field(s) to continue with shooting. By starting this process at 20 minutes, the total elapsed time from the last strike until shooting begins is anticipated to be 30 or more minutes.

The above process will be repeated for any and all storms/lightning strikes observed.

In the event of any other dangerous elements of an approaching storm, such as extremely high winds/tornado or hail, the same cease-fire and field evacuation procedures as above will be implemented as soon as the danger is realized.

SCHOLARSHIP WINNERS

WILL ANDERSON

Congratulations to Will Anderson of Lexington, North Carolina, one of four recipients of a \$5,000 NSSA scholarship. Will is a recent graduate of North Davidson High School where he was Valedictorian of his class and is now enrolled at the University of North Carolina at Charlotte. He is the son of Jennifer and Michael Anderson.

Will was introduced to clays shooting eight years ago after going quail hunting with a local upland game chapter. "The guide recognized my talent and introduced me to an SCTP team called Carolina Clays," he explained. On the team, he learned about and competed in trap, skeet and sporting clays. "Through this introduction, I found my love for sporting clays."

Among Will's many shooting awards are being on the FITASC All-American Junior Team the past three years, 2021 All-American Sub-Junior Team, 12-Gauge All-American Sub-Junior Team, and many other All-American and State Teams.

"I'd like to thank my family for all they do so I can chase my goals," Will said. "I want to thank the Carolina Clays and Jeff Allen for introducing me to sporting clays and supporting my progress. Thanks to Will Fennell for coaching me through the hurdles of life and this sport."

MONTGOMERY CAIN

Montgomery Cain of Pleasanton, Texas, shot his first sporting clays competition at just eight years old with 4-H, and from that day, he was hooked! "I knew I loved shotgun sports because of the challenge of each course and the people," he said. "During my first sporting clays shoot, an older shooter taught me shooting etiquette and also taught my parents how to pull and score. Even during competition, the shooting sports community is a family that teaches and takes care of each other."

The son of Alan and Tracy Cain, Montgomery is a 2022 graduate of Pleasanton High School and now enrolled at Texas Tech University. He has been awarded a \$5,000 scholarship from NSCA.

While in high school, Montgomery was involved in a daunting list of activities including academics, 4-H, volunteerism, flight training, owning his own metal fabrication business, and much more. He was honored as Valedictorian of his high school class, among scores of recognitions.

"This sport and organization have shown me that sporting clays is more than breaking the bird," said Montgomery. "It has served as a foundation to carve my path in life and prove to me that hard work pays off."

Congratulations, Montgomery, on your achievements!

SCHOLARSHIP WINNERS

SIDNEY COFFIN

Another \$5,000 NSCA scholarship recipient, Sidney Coffin, credits 4-H with her early beginnings in sporting clays. "I got started in sporting clays through a lady on the neighborhood welcoming committee who told me about a 4-H club that offered competitive shotgun shooting," says Sidney of Spring Branch, Texas, and a recent graduate of Bridgeway Academy in Pennsylvania. "I tried it and was forever hooked."

The daughter of Rhonda and Cliff Coffin, Sidney is now enrolled at Schreiner University where she is studying pre-med. In high school, she held leadership positions in 4-H and FFA and competed on the Quiz Team.

Sidney was a Texas 4-H Shooting Sports Ambassador, the Texas High School Sporting Clays Team Champion, Texas Female High School Trap Champion, and on the Texas USA National Junior Team for International Bunker Trap. She has had many National Championship top-3 class finishes and numerous sub-gauge class championships at Texas State and Nationals.

"In sporting clays, you have the opportunity to meet new friends that will last a lifetime," says Sidney. "Many fellow competitors have been role models without even knowing it, whether it was their shooting style or how well composed they stayed during a rough round." Congratulations, Sidney!

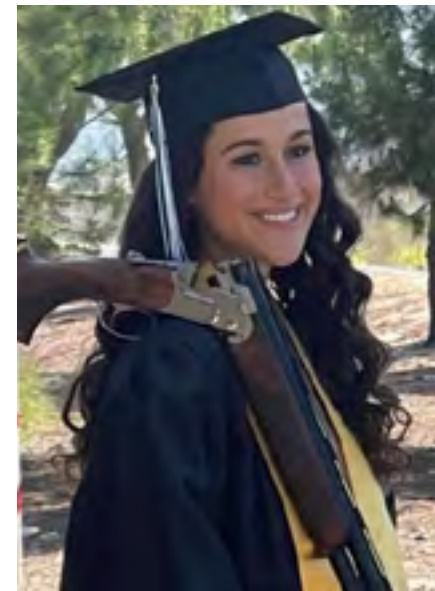

GRACE CORSELLI

Congratulations to Grace Corselli of Norco, California, a 2022 graduate of Santiago High School who now studies at Lindenwood University and has been awarded a \$5,000 NSCA scholarship. She is the daughter of Jeremy and Tracey Corselli.

An avid hunter, Grace began shooting sporting clays three years ago to improve her success in the field. At her local range, she discovered the late Jim Porter's SoCal Top Gun program. Porter later convinced Grace to compete and join NSCA, and after her first tournament, she says she was hooked.

Grace achieved a 4.0 GPA all through high school and was recognized for her academic achievement. In sporting clays, she has many awards to her name; for the 2022 National Championship, she qualified for the new Super Squad. She has many podium finishes in state and regional competition.

"I'm a big believer in goal setting and creating a plan to achieve them," says Grace. "My technical shooting coach, Ben Courtemarache at Leading Edge Shotgun Academy, along with my departed mental coach, Jim Porter, has been invaluable in reaching my shooting goals." Among her goals are winning a National Collegiate title and an NSCA national title and being the best person she can be.

KOLAR RING PROGRAM

Kolar Arms continues their commitment to the NSCA National Championship ring program that has been in place for over two decades. Kolar President, John Ramagli, elaborated on the history of the program and clarified the policy in place to recognize multiple year winners. “The program has been in place since 1985 for NSSA Skeet and was initiated by former Kolar owner Don Mainland as a way to recognize National Champions in that sport. Phil Murray was the first person to win the NSSA ring. It was adopted for sporting clays starting in the early 1990s, but we also went back and awarded rings to the NSCA National Champions who won the Nationals before the program was in place for that sport.” Ramagli said Kolar even went so far as to retrospectively award a ring to 1989 Nationals winner Jim Jamison, winner of the first ever NSCA Nationals, held at Minnesota Horse and Hunt, along with all other previous winners.

In 2010 Kolar initiated a second NSCA program – the Sub Gauge

Championship HOA ring, which is awarded each year to the shooter who wins the combined high sub gauge score across all three gauges at the National Championship. Sub gauge shooter extraordinaire, Scott Robertson, was the first ever NSCA Sub Gauge ring recipient. Ramagli says the sub gauge ring is a very special award – and has a distinctive look to it, setting it

apart from the ring that is awarded for the Nationals’ Main Event.

Ramagli explained the policy for acknowledging multiple-year Champions this way. The first time a shooter wins HOA at the Championship he is awarded a ring, which is augmented with multiple diamond chips in the ring bezel upon winning a second Championship. A third Championship earns a proportionally-sized diamond in the large stone. A second ring would be awarded upon winning a fourth Championship, should that occur. The rings are funded entirely by Kolar and are crafted by Jostens, maker of fine rings used to acknowledge championships and events by professional sports leagues like the National Football League, Major League Baseball, National Hockey League, National Basketball League and NASCAR.

“We’ve committed to the ring program with the NSSA and NSCA for years to come,” said Ramagli. NSCA expresses its appreciation to Kolar Arms and John Ramagli whose support raises the bar for the game of sporting clays.

INTRODUCING SMART SERIES ELECTRICS

Know the Stats of Your Clay Target Machine

With the push of a button, users can view the machine's life cycle target count, a resettable target counter, display the current battery level and view the machine status. The SMART Series electrics have been vigorously tested and are guaranteed to perform in extreme hot, cold, and wet environments. They are also capable of being retrofitted on preexisting MEC models, as well as compatible with several competitor's brand machines with the kit option sold separately.

NATIONALS CHAMPIONSHIP

DETERMINING A NATIONAL CHAMPION

If the main event of the National Championship is shortened due to the occurrence of any natural disaster, act of God or event beyond the direct, immediate control of the National Shooting Complex and National Sporting Clays Association the following procedure will be used to establish the National champion, runner-up, and third place as well as first, second and third places in all Classes and Concurrents.

1. The total scores shot from all competitors plus the addition of 75 targets for any courses not shot will be the raw score to determine the champion, runner-up, and third place for the championship as well as first, second and third places in all Classes and Concurrents. No champion will be named unless all competitors have shot at least 150 targets.
2. Wednesday can be used to make up any day lost on either of the two day rotations, however if for any reason any rotation cannot be completed for any day, then that entire rotation will be counted as 75 targets for each competitor on each rotation. If this is to happen on one of the two day rotations, then the corresponding rotation(s) for the 4-day rotation will also be counted as 75 targets to each competitor. If one of the rotations on the 4-day cannot be completed for any reason, then the corresponding rotation on the 2-day rotations will be counted as 75 targets.
3. Ties will be shot-off or broken as if no uncontrollable occurrence has happened.
4. The shoot-off for National champion, runner-up and third place will be held, weather permitting, on Sunday of the National Championship in the Shoot-off Stadium at approximately 6:30 p.m. CST.
5. The shoot-off for first, second and third place in all Classes and Concurrents will be held, weather permitting, on Sunday of the National Championship at approximately 6:00 p.m. CST at a site to be announced.
6. If these above mentioned shoot-offs cannot be held on Sunday evening prior to 10:00 p.m. CST due to the occurrence of any natural disaster, act of God or event beyond the direct, immediate control of the National Shooting Complex and National Sporting Clays Association the champion, runner-up, and third place as well as first, second, and third places for all Classes and Concurrents shall be decided by scores on (2) two pre-determined tie-breaker stations on a course(s) that all competitors who are tied have completed. Assuming competitors have completed the course, the pre-determined tie-breaker stations will be used from courses in the following order: Red, Yellow, Green, Orange. If there is still a tie after comparing scores on all possible tie-breaker stations the Class and Concurrent Champion, Runner-Up, and Third place will be determined by the longest run from the front on courses they have all completed following the order listed above.
7. Any shooter who is not present 10 (ten) minutes before the shoot-off shall forfeit his or her position. The position will not be filled by any alternates.
8. The shoot-off rotation will be determined by a lottery draw completed inside registration.
9. The National Champion will be the individual with the highest score.

CONTINGENCY PLAN

KRIEGHOFF-KUP, 5-STAND, SUPER SPORTING, SMALL GAUGE, FITASC, AND AMERICAN FIELD SPORTING

If the Krieghoff-Kup, 5-Stand, Super Sporting, Small Gauge, FITASC or American Field Sporting events of the National Championship are shortened due to the occurrence of any natural disaster, act of God or event beyond the direct, immediate control of the National Shooting Complex and National Sporting Clays Association the following procedure will be used to establish the open champion, runner-up, and third place as well as Class and Concurrent Champions from shooters who have completed the events.

1. All awards will be based on scores of competitors who complete the event. If no shooters complete the event, no awards or punches will be provided.
2. The shoot-off(s) for event champion, runner-up and third place as well as Class and Concurrent Champion in each event will be held, weather permitting, on Sunday of the National Championship at approximately 6:00 p.m. CST at a site to be announced.
3. If the above mentioned shoot-off(s) cannot be held on Sunday evening prior to 10:00 p.m. CST due to the occurrence of any natural disaster, act of God or event beyond the direct, immediate control of the National Shooting Complex and National Sporting Clays Association the Krieghoff-Kup, 5-Stand, Super Sporting, Small Gauge, FITASC, and American Field Sporting event's open champion, runner-up, and third place as well as Class and Concurrent Champions shall be decided by scores on (3) three rank-ordered, pre-determined tie-breaker stations. If there is still a tie after comparing scores on all possible tie-breaker stations the open champion, runner-up, third place and Class and Concurrent Champions will be determined by the longest run from the front of the event.
4. Any shooter who is not present 10 (ten) minutes before the shoot-off shall forfeit his or her position. The position will not be filled by any alternates.
5. The shoot-off rotation will be determined by a lottery draw completed inside registration.
