Executive Council:

Please allow me to thank you for taking the time to read this proposal.

The NSCA US Open has the well-earned reputation of being one of the largest and best championships in the world. This should be a source of pride to you as a NSCA representative and shooter. If awarded the 2027 US Open, M&M will not only uphold this standard but raise it even higher.

The M&M team takes great pride in providing shooters with a special experience. We have 18 full-time employees, and many have more than 25 years' of experience in hosting major shooting events, ranging from our annual Big Seafood Blast to the World Championship. We are family owned and operated and put our heart into hosting great tournaments.

At M&M, we constantly seek innovations to make the shooter's experience more enjoyable. We invented sub-gauge FITASC – now a staple at major events across the country – and our food and social gatherings are the gold standard.

Our targets provide enjoyment for shooters of all levels. Our hospitality is unmatched. Our payouts and entry fees are very competitive.

If we are awarded the 2027 US Open, you have my word that we will provide the shooters with an experience that will again exceed your expectations.

Thank you for your consideration in the voting process.
